LMS Bingo

We are going to play a bingo style game. You will receive a 5x5 bingo card. The object of the game is to have 5 tasks completed in a row on your bingo card. This activity is intended to help you find your way around the LMS (Learning Management System). You can either show what you can do on the LMS to another participant. Or witness another participant demonstrate to you what they know. Once you have either found a demonstrator or have got someone to witness the task being completed by yourself, write the demonstrator or witness's name on the dotted line and get them to sign. When you have 5 in a row shout #BINGO!

Pre-requisites

- You must be able to login to the LMS
- You must have a mobile device that can connect to the Internet

Rules

- You can only use one person's name in a vertical. Horizontal or diagonal row
- You may only have your own demonstration twice in a row.
- Stop your task when someone shouts BINGO

Tasks

1. Upload a Bio Photograph to My profile
2. Find a setting that allows you to view the LMS on a mobile device
3. Connect to another participant via the LMS
4. Filter the email notifications that you receive from the LMS
