

Mobile Bingo

Instructions for the participant

You will be introduced to a bingo-style game where you will receive an 8X8 prepared bingo cards. The goal of the game is to have 8 tasks completed on your bingo card. You can either show what you know about your phone or have this demonstrated by another participant.

How to play Mobile Bingo

The goal of the game is to show to others what you know or can find out about mobile devices.

Step 1 – Start filling in a Bingo Card

- Participants need to find someone that can add their signature to the bingo card. This person will either witness that the person carrying the card can complete the set task (and get their signature) or find someone to demonstrate the set task and get their signature.

Step 2 – Indicate that you are finished

- You need to signatures of people that will either show that you can complete a task or witness that you can do it. When you have completed the predetermined number of tasks in a row, then shout BINGO. A row can be either horizontal, vertical or diagonal.
